[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year

Plan *(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000-2004.*

The Antigo Housing Authority has met and exceeded its goal to reduce public housing vacancies to 5% or less with an average occupancy rate of 98%. Our PHAS and SEMAP scores have improved as we retained our high-performer status throughout the five-year period. Extensive modernization efforts were planned and undertaken. Landscaping, parking lot expansion and exterior structural maintenance has enhanced the curb appeal of this development and improved its marketability. Kitchen cupboard and counter-top replacement, and bathroom upgrades have all contributed to long-term asset preservation and have enhanced the quality of life for our residents. In 2002 - 2003, in response to concerns from our residents, increased security measures were undertaken with the installation of a keyless entry security system. We have been able to complete a domestic water line replacement project that would not have been economically feasible without capital funding.

In summary, the Antigo Housing Authority has met and exceeded its goals and objectives set forth in its previous five-year plan.
